

The Dale Lucado "Typhoon Boy" First Annual Golf Tournament

SATURDAY, MAY 4, 2013

KISKIACK GOLF CLUB

8104 Club Dr Williamsburg, VA 23188

(757) 566-2200

From the moment you tee off on the first hole, you'll realize why Kiskiack Golf Club is so unique. Our beautiful surroundings will allow you to unwind, our spectacular views will inspire you, and our challenging layout will awaken your spirit.

Set along the ridge of a natural bluff, Kiskiack offers an enjoyable golf experience. Some holes demand accurate shot making from tee to green, others are more forgiving and feature ample landing areas and gently sloping greens. On the front nine, you'll relax while winding through mature hardwoods and over natural rolling hills, until you're challenged to make an uphill finish along one of our two lakes.

On the back nine, you are put to the test at every turn. Our signature #11 hole, a par 3, will require accuracy to negotiate a well-protected green surrounded by water on three sides. Even the best players must take caution on holes #12, 13 and 14, which play alongside a deep ravine. And, to complete this masterful golf challenge, the 18th green will require you to make a decision-whether to take a chance at eagle and attempt to drive over our second lake or play safe up the right side. Our award-winning architect John LaFoy has truly offered golfers the opportunity to capture the spirit of the game.

The club was rated 4.5 stars by Golf Digest's Places to Play and as one of the top 100 courses to play in the Middle Atlantic by Washington Golf Monthly. The clubhouse offers a well stocked golf shop, men's and women's locker rooms.
